

# Secure Digital Scan Card

Series 3

## Scan Barcodes into a Pocket PC or Palm PDA

Increase efficiencies in your data collection applications with the Secure Digital Scan Card (SDSC) Series 3

- **Performance** – Best-of-class technology for scanning barcodes in a broad range of indoor and outdoor conditions
- **One-Handed Scanning** – After you insert the SDSC into a PDA, you can scan with one hand, leaving your other hand free to handle packages and materials for increased productivity
- **Modular** – Works in the standard SD slot of a wide variety of PDAs, so you can switch or upgrade computers and keep using the same scanner

- No license fee for standard software

\*SDIO slot must support I/O (Input/Output). Windows Mobile 2003/2003SE devices also require BSQUARE SDIO Now! software in ROM

# Secure Digital Scan Card

Series 3

"The use of scanners significantly increases the accuracy of data collection. Lookup with the Socket SD Scan Card ensures that you do data collection for the correct product, and scanning data like shipping label tracking numbers ensures that you don't have a typo on a really long and difficult number."

— Dario Passadore,  
Marketing Director
